

*Here's what we are accepting during our annual*

# Garden Pot Exchange

## Yes! Please bring these to share:

RIGID pots—plastic and terra cotta—of all shapes, sizes, and colors, in *great* working condition. Plant trays and hanging pots if the hanging mechanism is in working order.

## No thanks! Please do not bring:

Pots and trays that are soft/crinkly, cracked, broken, chipped, crushed, calcified, or that carry gifts from rodents. This is a zero waste event. Please be prepared to take the material we cannot accept home for disposal.

*Note: Broken and cracked terra cotta pots can be useful in various ways in your garden.*
